REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

No prior art has been found to anticipate or render obvious the presently claimed subject matter.

Specifically, Examiner agrees with Applicants that none of the prior art of record discloses the tailored module where the majority of nodes on said peripheral devices are adapted to interface with nodes of said at least one primary integrated chip device in such a way as to condense the number of nets so that the total number of nodes connected to external pins is minimized.
